COLOR CARD

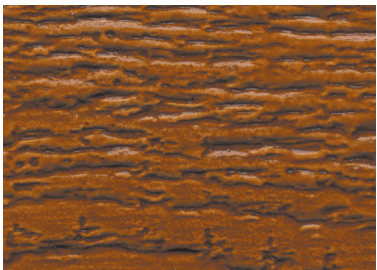

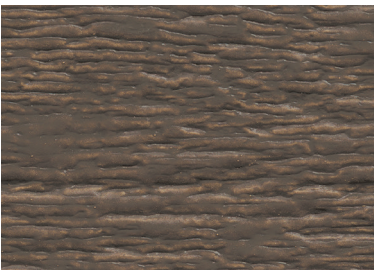

Available in Rich Lustre and Low Lustre

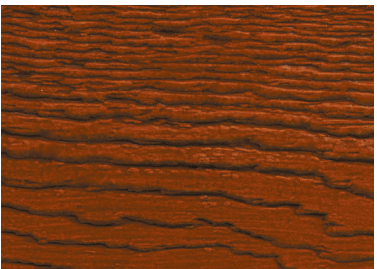

Mahogany

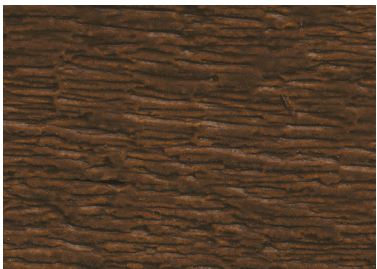

Butternut

Barnwood Gray

Natural Teak

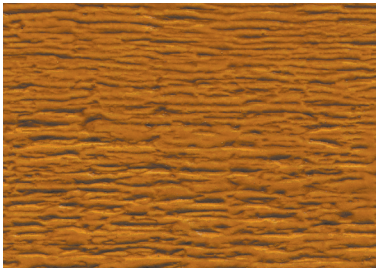

Chestnut Brown

ZAR® Platinum Pro Translucent Exterior Urethane Finish is a special co-polymer blend, formulated with aliphatic urethane and an acrylic. It is designed to deliver high-performance protection and outstanding color retention in exterior applications. Its excellent resistance to corrosion and weathering makes it an optimal choice for pre-primed wood and unprimed wood with a profile, as well as pre-primed, non-porous substrates.

- Log and Timber Approved
- Available in rich and low lustre sheen
- Application by synthetic brush, roller, and/or sprayer*
- Mold, mildew, and fungi resistant on the dry coating
- Dries in 15 minutes, with no transfer, to speed product and reduce labor costs
- No sag
- Suitable for wood and non-wood accents such as shutters, doors, downspouts, and more.

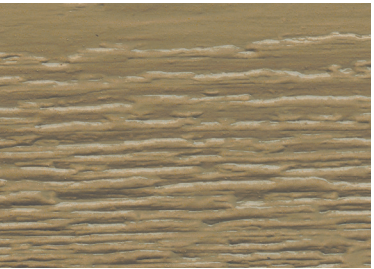

Rich Lustre Only

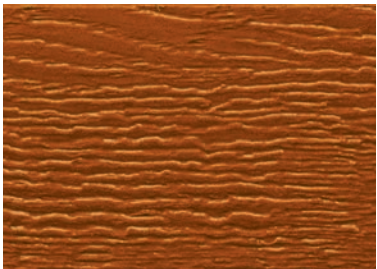

Golden Wheat

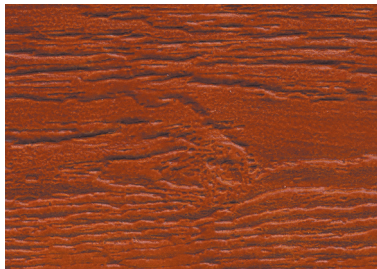

Charcoal

Sage

Natural Cedar

Natural Redwood

Clear Coat

ZAR® Platinum Pro Clear Coat is a specially formulated aliphatic urethane designed to offer superior protection and maintain color integrity for log & timber structured homes in routine maintenance applications. Provides excellent resistance to extreme weather. Generates a strong adhesive bond to timbers finished with ZAR® Platinum Pro Translucent Urethane Finish to bring the look back to life.

- Log and Timber Approved
- Available in rich lustre sheen
- Application by synthetic brush, roller, and/or sprayer*
- Mold, mildew, and algae resistant on the dry coating
- Contains UV inhibitors for long-lasting sun protection
- For interior and exterior use
